This casual restaurant features a menu that is made up of foods for which Buffalo is famous, provided by some of the most well-known local eateries and establishments.

And, did you hear the big news? Seneca Buffalo Creek Casino is about to get even better. In January 2016, the Seneca Nation and Seneca Gaming Corporation broke ground for a \$40 million expansion of Seneca Buffalo Creek Casino, which will significantly add to the excitement and experience visitors enjoy during each visit. Plans call for a two-story expansion of the existing casino, adding approximately 28,500 square feet of space on each of two levels. The ground floor will add more than 300 additional slot machines and additional table games, including a high limit room and expanded non-smoking area, and a performance stage for live entertainment at Stixx Sports Bar. It will also include additional retail space, and an expansion of the popular Buffalo Savors Grill. The second floor of the expansion will introduce a new Western Door concept restaurant with indoor and outdoor seating, as well as banquet and meeting space. Work is currently underway and is expected to be complete in Spring 2017.

Seneca Buffalo Creek Casino is located just minutes from the Peace Bridge to Fort Erie, Canada, and a half-hour from Niagara Falls.
